

“Blades for Buddies” Project

In 2013 the Paediatric Oncology Unit treated 8 boys and 1 girl with Osteosarcoma (*bone cancer*). We then realised that in a Government Hospital a very long waiting list for prostheses exists and the 2 boys that were fortunate to receive prostheses never wore them due to extreme discomfort.

At ‘**Camp Footprints**’ the doctors met a boy with Osteosarcoma who received treatment at another hospital. He had an amputation and received a prosthetic blade that enables him to walk, run and jump!! He was able to **join the children on his blade in all the activities at the camp!!** So, we got a solution – we need **BLADES** for our children!!

The Company (@[icexpress_prosthetics_bionics](#) & @[jumping_kids_sa](#)) are willing to help us, but we need funds. Now we are looking for sponsors to see if we can solve this problem!!

If you need more information, please contact:

- Our friends at Lemon-Tree-Kids NPC at info@lemontreekids.co.za or
- Visit <http://www.jumpingkids.org.za/> to see the children who received assistance in the past.

If you want to help, you can make a donation towards Lemon-Tree-Kids NPC - **Public Benefit Organisation** (no 930043711)
